Distance Nearest Water Well:

Type of Incident: Fire

Release Contained in Dike: Yes - On Facility Site	Reported to NRC: No				
Spilled	Units	Recovered	Units	Followup	Units
Oil				0	
Brine				0	
Other				0	

Description of Other Released Contaminant:

No released substance - the fiber glass tank was out of service and empty.

Inspected: **Written Report Received:** 6/18/2015 **Clean Up Concluded:** 6/13/2015

Risk Evaluation:

There was a potential for explosive atmosphere due to the fire and the vent line being damaged due to the lightning strike.

Areal Extent:

Potential Environmental Impacts:

There was no product in the fiber glass tank due to it being out of service. There was no impact to the soil. There was some foam that was sprayed onto a few spots of the tank that will need to be cleaned up.

Action Taken or Planned:

The well was shut-in and then locked and tagged out. The site will be evaluated during the next 48 hours due to the vent line being damaged and a producing tank having external damage. The fire was watched by the local fire department as well as a Marathon representative onsite. The fire self-extinguished although spray foam was applied due to the smoldering concern.

Wastes Disposal Location:

Agencies Involved: Local Fire Department, MHA, BIA
